The building in Puduparacherry in which the Municipal Elementary Girls' School is located belongs to Govt. It was handed over to the Municipal Commission in 1908 subject to the condition that it should be maintained by them in good order and surrendered to Govt. whenever required. It is now proposed that the Commission may be permitted to sell the building by public auction and devote the proceeds to the cost of a new building for the school.

2

In the circumstances explained by the P.M.C. and in view of the fact that the building is not required by Govt., there seems to be no objection to its sale by public auction. But the sale proceeds should be credited to Govt. and should not be utilized for any other purpose without the sanction of the Political Department- vide Art. 1 of the Civil Account Code Vol. I.

Vide page 3 and the Treasury Order No.7 on page 193 of the Code.

3

After the sale is effected, a sum equivalent to the sale proceeds may be given to the Municipal Commission as Govt. grant for constructing a new building for the school. The sanction of the Political Department is necessary to this new item of expenditure. They may be addressed.

Draft submitted.

The sale of the building is within the competence of

of the Resident - vide para 115 of the Central P.W.D. Code and sanction of the Crown Representative is required only to payment of a grant-in-aid to Municipal Commission. I have slightly amended para 3 of draft adding also a remark regarding provision of funds.

Before this draft goes to Political Dept., will P.W.C. please inform me whether the Commission is going to agree to the remission of rent on the office of the Inspector of Schools I admit that this proposal has no connection with the rent question. For such a reason we obtained the sanction of the Political Dept. to hand over the other building to the Commission without first asking the Commission for the quid pro quo the remission of rent in question There now seems to be a certain reluctance to allow the remission. All these proposals are connected in the sense that under the head 'Education' we have one financial request to make of the Commission and they have several to make of us I think it is reasonable to strike a bargain

In this case instead of allowing the Municipal Commission to sell the building already vested in them for use for educational purposes and to utilize the sale -- proceeds for constructing another, we are arranging to sell the building and to give a grant equivalent to sale proceeds. The latter procedure which is adopted to conform to account rules should not enable the proforma receipts to be increased. I think therefore we would be justified in excluding the receipt and payment from the Proforma account of 1939-40 at the time it is made up.

The proposal submitted by the Municipal Commission (S.N.1) and sanctioned by the Govt. of India (S.N.4) relates to the payment to the Municipal Commission of a grant-in-aid equivalent to the sale proceeds of the Government building in Puduparacherry which was ~~xxxxxxxxx~~ transferred to the Municipal Commission in 1908. The property transferred to the Municipal Commission consists only of the building and not the land. It follows that the property which should be sold is only the building and does not include the land on which it stands.

If approved the P.U.C. may be returned with the following reply.

" The building to be sold does not include land."

13.6.39

15.6.39

16.6.39

18

How can you sell the building without the land? ~~Transfer with consequential sale of the building~~ That would be equivalent to giving the buyer the land free. They can sell both. The sale-proceeds will go to the Aided Trust, which can reasonably be given whatever grant in-aid it likes

17/6/39.

19

Please see the letter from the A.C.R.E. at S.N.1/a of File 154E of 05 in which the question of the disposal of this building along with some others was first raised. In that letter the A.C.R.E. took the view that there would be difficulty in disposing of the freehold of the land to any private individuals and that therefore the only practicable way of disposing of the buildings would be to demolish them. It will also be seen from the note at Sl. No. 1/d of the same file that a view was taken once that if the building was to be sold it would only be for the right of demolishing the building and using the materials.

20

There appears to be no doubt that the land belongs to Government and there seems to be no objection to selling the land with the building.

21

The P.U.C. may be returned with the following revised reply.

The building can be sold with the land"

Please see S.N. 4 and 5.

The sale may be confirmed and the sale proceeds less 5% Commission i.e., Rs. 3,650 less Rs 182/8 or the net proceeds of Rs. 3467-8-0 may be credited to the M.A.T. Revenues.

A grant-in-aid equivalent to the net sale proceeds namely, Rs. 3,467-8-0 may be given to the Commission in due course. The Pol. Dept. have asked to meet this expenditure by reappropriation. This is not possible. An additional grant will have to be applied for in Nov. next. As the receipt is increased to the extent of the sale proceeds the payment within that limit will not affect the net Demand of the Crown Representative.

D. No.9446. S.N.9.

In S.N.8 the President, Municipal Commission was informed that a sum of Rs.3467-8-0 realised on account of th sale of the old Police Station in Langford Town, will be paid to the Municipal Commission for the construction of a building to accommodate the Puduparacherry Girls' School.

The President, Municipal Commission now says that the expenditure amounting to Rs.5516/- to be incurred for the above purpose, ~~may~~ will be met from the Government grant of Rs.3487-8-0 promised in S.N.8, and the balance of Rs.2028-8-0 from the surplus account. It is not known how the figure Rs.3487-8-0 is arrived at by him. It should be Rs.3467-8-0 according to our letter at S.N.8.

Before confirming the resolution of the Municipal Commission and sanctioning our grant, the President, Municipal Commission may be asked U.O. to reconcile the difference of Rs.20/-

SIR,

I have the honour to state that the building in Puduparacherry in which the Municipal Elementary Girls' School is located originally belonged to the Government. It was handed over to the Municipal Commission in June 1908 subject to the condition that the building should be maintained in good order by the Municipality and handed back to Government whenever required - vide Residency letter dated the 15th June 1908 to the Assistant Commanding Royal Engineer. In 1909 the Municipal Commission leased the building to the C. I. G. Mission for use as a school. In 1931 the Municipal Commission on the recommendation of the Inspector of Schools took over this school and provided for it as a Municipal Boys' school. Subsequently as the strength of the boys increased, the Boys' school was transferred to the new Municipal Girls' school building constructed under the Five Years programme, and the Girls' school was transferred to the building in question.

2. It has now been found that the building is insufficient to provide for the growing strength of the Girls' school. There is not sufficient ground space to permit of the building being enlarged. The only alternative therefore is to construct a new building on another suitable site, the approximate cost of which is estimated at Rs.5,500/-. This however is an expensive undertaking, and it would help the Municipal Commission to finance
